

1ST ANNUAL **LOGAN ALDRIDGE FOUNDATION**

# GOLF SHOOTOUT

TPC WAKEFIELD PLANTATION

## You're Invited!

Welcome to the 1st Annual Logan Aldridge Foundation Golf Tournament. On Monday, June 29th at TPC Wakefield Plantation Golf Course, we will kick off the beginning of a yearly event to raise money for children who have been hurt playing the sports they love. Please join us for a day of fun on the course for a great cause. Foursomes are \$600 and include a player gift, green & cart fees, range balls, lunch on the course, a cookout after golf and beverages.

## About Logan:

June 26, 2004 should have gone down as one of the worst days in history, at least for a young man named Logan Aldridge. On that summer evening, Logan was wakeboarding with his family near their vacation home on Lake Gaston in Virginia. In a terrible instant, the rope around his arm became entangled in the boat's propeller and cut through all his muscles right to the bone. Six hours, one ambulance, one helicopter, and two hospitals later, it was clear that there was no other choice - Logan's left arm had to be amputated.

The day that should have ruined one life is, instead, transforming the lives of thousands. It began a journey of hope for Logan and for the countless people he has touched with his inspiring story. Logan is now a professional motivational speaker who has just finished up his first book...at only the age of 18! Logan has spoken to churches, schools, corporations and camps in the United States. He is continuing to search for opportunities to share his message with kids, athletes, parents and businesses.
